January 31, 2023

Thank you for calling the Statewide Medicaid Managed Care Helpline. You asked to leave your current managed care plan because:

This change will happen on for the following people:

Name	Program	Plan
<RecipientName>	<MedicaidProgram>	<HealthPlanName>

After this change, each person listed above **will not** be able to receive health care services through the SMMC plan(s). However, you can choose to join another plan for health care services at any time. You will need to be eligible to re-enroll.

For questions about re-joining the SMMC program, or to join another health plan, please call the help line at 1-877-711-3662.
